

Adhyatma Vishwavidyalay (University of Spirituality)

(Brief introduction and characteristics)

Preface

‘From the ancient times till about a thousand years ago, Bharat was renowned as ‘The land of Universities’. Through the Ashrams of Sages and Seers as also through universities such as Takshashila, Sharadapeetha, Bhojashala etc., the *Vēdās*, scriptures, *Vidyās* (Knowledge), Philosophy, *Dharma*, Arts etc. were taught and Hindu Dharma and culture were spread appropriately. The flame of knowledge on *Dharma*, which became weak after the devastating attacks of foreigners (such as the Muslims and the British), is now being revitalised through the medium of ‘Adhyatma Vishwavidyalay’ (University of Spirituality). The ‘University of Spirituality’ will not only be meant for spiritual activities such as spiritual progress of the seekers, but it will also perform the spiritual task of doing what is essential to protect the Nation. The nature of this task in general will be as follows.

1. Providing education for God-realisation : Presently, not only in Bharat but throughout the world, education only on materialistic aspects is provided through hundreds of universities. There is not a single educational institute today that provides knowledge on all-pervading Spirituality and education for God-realisation. This is an effort to eliminate this lacuna through the medium of the ‘University of Spirituality’.

2. Teaching worship of *Kshātratēj* along with *Brāhmatēj* : Foreign rulers such as the Muslims, the British and the Portuguese attacked and devastated this land and the Hindus. To avoid repetition of this

History, worship of *Kshātratēj* (Radiance of a warrior) will be taught in the 'University of Spirituality' along with *Brāhmatēj* (Radiance of a *Brāhmaṇ*). To achieve this, education on *Dharma*, Spirituality, spiritual practice etc. will be imparted and *Brāhmatēj* will be enhanced. Similarly, by imparting education on pride for *Dharma*, patriotism, attitude of bravery etc. *Kshātratēj* will also be enhanced.

3. Providing spiritual strength to the 'Hindu Nation' : Today the country is facing many adversities such as terrorism, corruption, diseases, malnutrition, foeticide, casteism, riots, criminalisation of politics, cow-slaughter, religious conversions. The only solution on these adversities is to give up the secular rule and establish a Dharma-based 'Hindu Nation' that will bestow the spiritual experience of Rāmrājya (that is, Shrīrām's kingdom). The 'Hindu Nation' will be established between the Years 2023 and 2025 in Bharat due to God's grace, blessings in the form of resolve by the Saints and the untiring efforts of devout Hindus and patriots. The 'University of Spirituality' will provide spiritual strength to the 'Hindu Nation'.

The sole objective of publishing this Holy text is to provide information and elucidate the special characteristics of the invaluable and unique task of the proposed 'University of Spirituality'. We can say that the objective of publishing this Holy text is successful if after reading this people are inspired to assist in the creation of the 'University of Spirituality' or get educated on spiritual practice in it.

Mankind obtained knowledge from the Sages and Seers. I therefore express my gratitude unto their Holy feet. I also pray at the Holy feet of Bhagawān Shrīkrushna that may the concept of 'University of Spirituality' as told to me by my Sadguru H.H. Bhaktaraj Maharaj materialise. - **Compiler**
