Why does Sanatan follow Oxford (UK) English ?

Principally, there are 2 types of English all over the world - USA and UK. The two key dictionaries from either side of the Atlantic are Merriam-Webster (USA) and Oxford (UK). Both these dictionaries accept the differences between American and British English and make references to both in their word definitions. The language one speaks is English; the dialect is American English. Likewise, British English is also a dialect of English, even though it can be thought of as the 'original' dialect. Given the fact that UK's is the 'original' English, Sanatan has selected to follow it in Spiritual texts.

卐 ————— Preface ————— 卐

Whatever little most people know about God is usually through stories they have read or heard in childhood. Due to insufficient knowledge, they have very little faith in God. Availability of further knowledge on God may help in increasing their faith in God. Further, as belief grows into intense faith, worship of the Deity and spiritual practice will take place smoothly. With this objective, this Booklet provides useful information, as per the science of Spirituality, which is generally not available elsewhere on Deity Datta. Detailed information on Deity Datta is provided in Sanatan's Spiritual text - 'Datta'.

We earnestly pray unto the Holy feet of Shri Guru that the inspiration obtained after reading this Booklet assists each seeker to perform consistent spiritual practice. - **Compilers**
