Preface

In today's competitive and materialistic pleasure seeking times, most people are suffering from personality defects such as envy, jealousy, lust for fame, lust for opposite sex, etc. The distressing effect of such *Raja-Tama* predominant vibrations naturally takes place on other individuals unknowingly in the subtle. This effect is known as 'affliction of the evil-eye'. Similarly family conflicts, diseases, financial difficulties, nightmares, depression, addiction to smoking or alcohol, etc. problems have become rampant. Though the causes of 80% problems in life are visible in the physical dimension, the root causes of the problems is distress due to negative energies, which is subtle in nature. Distress caused by negative energies is also a type of affliction of the evil-eye.

This Spiritual text provides information on various methods of casting off the evil-eye so that we are protected from distress of evil-eye. We pray at the Holy feet of Shri Guru that may everyone benefit from this Spiritual text.
